

Checking for a Response

*How can you tell if a person is just sleeping or the victim of an accident?
What can you do to get a response?*

1. Look at the picture.

(a) Write a list of the things that you think might have happened.

(b) (i) Do you think it is likely or unlikely that the man is asleep?

Colour your answer.

likely

unlikely

(ii) Explain your answer.

2. What would you say and do to try to get a response?

I would say ...	I would do ...
